## SAFETY AND SECURITY

### **Safety and Security Window Film**

is an easy and cost-effective way to add extra security to your existing windows. Whether you are looking to protect against possible break-ins or make your glass resistant to breakage, vandalism and extreme weather, these films reinforce windows and help hold pieces together if the windows are broken.

*Get extra protection from small scratches, accidental shattering, and purposeful intrusions.*

## SAFETY AND SECURITY

### Safety and Security Window Film:

- Has a strong adhesive backing that bonds to glass in hours and lasts for years;
- Is a clear, virtually invisible film that strengthens glass without changing its appearance.

## SAFETY AND SECURITY

**Safety and Security Window Film** is a transparent, high-strength polyester film composed of shatterproof micro-layers engineered to prevent dangerous flying glass. Elevate your glass safety standards and help hold glass together when struck! Safety and Security Window Film also blocks 99% of the UV rays.
