## SUN CONTROL

*Have you tried watching television in a sunlit room, only to see glare and reflections everywhere? From the long, bright days of summer to the low-hanging sun of winter, sunlight can obscure TV and computer screens, make reading difficult, or interrupt face-to-face conversations with family members and friends.*

*Sun Control and Anti-Glare Window Films can instantly make your spaces more comfortable for everyone.*

# Window Films

## SUN CONTROL

Our films significantly reduce glare, helping you stay focused, relax, and enjoy your view without the eyestrain caused by excessive light.

### Sun Control and Anti-Glare Window Films:

- Reduce luminosity to improve screen viewing
- Add an elegant, dark tone for additional visual appeal
- Protect areas from harsh light glare
- Reduce incoming heat from the sun
- Protects furniture and floors from damaging UV Rays
